## AREA OF EXPERTISE

Brendan commenced work as a Facilities Manager with Colliers International in 2015. Since 2016, Brendan was the appointed Facilities Manager for multiple assets on the Doma Group portfolio.

Brendan continues utilising his technical expertise by supervising commercial and mixed-use assets containing such tenants as Lockheed Martin, Australia Post, McDonald Jones Homes and various government departments just to name a few. Brendan has also been involved with some mixed-use assets in Newcastle taking his portfolio over 30,000 meters squared NLA.

Prior to working with Colliers international, Brendan was employed by JLL in the Integrated Facilities Management division.

His focus on customer service and delivery is unsurpassed and combining the use of Colliers International IT platforms, he ensures delivery and complete satisfaction to all stakeholders.

## PROFESSIONAL ACCOMPLISHMENTS

- Maintenance of contracts - to develop maintenance and services specifications in conjunction with technical consultants (as appropriate) and calling of tenders to ensure minimum pricing is balanced against the long-term care of buildings.
- Reaction to tenant occupancy demands to ensure total tenant satisfaction.
- Co-ordination of repairs - ensure that all matters are attended to with the minimum of delay and where matters include items of major plant, call upon the Colliers International Engineering Division where necessary, or external Project Managers and consultants. Provide costings and recommendations on major plant/services repairs.
- Building Inspections - to conduct inspections of the properties to ensure that high building standards are met and maintained having regard to risk management, Occupational Health Safety and Welfare issues.
- Co-ordination of defects whilst under buildings' defect liability period. This has included contractor control and tenant co-ordination to ensure minimum disruption to the building's occupants
