AREA OF EXPERTISE

Brian Gleason is a senior vice president with Colliers International, specializing in the sale and leasing of industrial, office, land and R&D properties. Brian has extensive experience representing corporate and institutional clients, locally and nationally. His comprehensive services include landlord, tenant and investor representation, corporate services, business development and project management.

Brian partners with Bonnie Halley, senior vice president; and Melissa Marks, senior associate, to serve clients across the West Valley submarkets of metropolitan Phoenix.

As an industry veteran with more than 35 years of commercial real estate experience, there are few situations Brian hasn't encountered. Most importantly, he acknowledges what he does not know and defers to other experts, when necessary.

He is committed to placing the interests of his clients first, helping them understand what is required of both them and himself, while creating a smooth path to successful transactions.

Having previously served in the role of designated broker, Brian has a strong commitment to integrity and honesty in all aspects of his work and relationships. Clients and colleagues alike describe Brian as knowledgeable, conscientious, helpful and easy to work.
