Christopher Cheung

BBA BSc MRICS

Area of Expertise

Christopher has over six years of experience specializing in property valuations in Greater China (mainland China, Hong Kong and Macau). His main areas of expertise include portfolio asset valuations, acquisitions & disposals, financing, and valuations for a variety of other purposes.

He has valued a wide spectrum of properties for different global real estate funds, developers and major property owners including Link REIT, Goodman China, Global Logistic Properties (GLP), China Resources Land and MTR Corporation.

Business and Educational Background

Christopher joined Colliers International in 2019 as a Senior Manager. Prior to joining Colliers, Christopher worked for another multinational real estate consultancy company for years, gaining experience in valuation of the properties across the Greater China.

Christopher has an undergraduate degree majoring in business administration from the University of Kent in the UK and then completed a second bachelor's degree in estate management from the University of Reading, giving him a good grounding in both real estate and business operations.
