AREA OF EXPERTISE

Jake Tucker joined Colliers International in July 2007 and was a part of the Industrial Services Group till September 2013. After a year with the Van Auker Company where he worked alongside their Construction and Development teams, Jake rejoined Colliers International in October 2014 and is focusing on Brokerage Services and Client Management.

EDUCATIONAL BACKGROUND

Jake was born and raised in Boise and grew up working with his father who owns a warehouse integration and material handling company. Hard work was instilled in Jake at a young age. Jake completed the International Finance Exchange Program at Mendelova

University in Bruno, Czech Republic, and obtained a B.S in Business from Oregon State University.

Prior to joining Colliers International in 2007, Jake was a Construction Engineer for Hensel Phelps Construction Company in Irvine, California. While there, Jake was part of the construction team working on a \$300 million design/building project for UC Irvine Medical Center Hospital expansion, the largest construction project in Southern California at the time.

Jake's background is unique to the industry with experience in material handling, construction, development, and real estate.
