

Jon Kieserman

Area of Expertise

Jon Kieserman joined Colliers as a retail leader with over 26 years in the retail business and 20 specializing in retail tenant and landlord representation.

Retail is in his blood. Prior to his career in real estate Jon was a tenant himself, leading a family-owned 16 store regional retail operation.

There is nothing Jon enjoys more than rolling up the sleeves and coming together as part of a team with a client to share creative off-market or out-of-the box solutions that succeed in today's rapidly evolving retail landscape.

Jon has provided retailer representation and/or disposition services for the likes of Walmart, Sam's Club, Lowe's, AutoZone, Wendy's, Pizza Hut, Taco Bell, Kentucky Fried Chicken, Pep Boys, Circuit City, Jiffy Lube and others. With over 3.5 MSF leased or sold throughout his career and a roster of national tenants, Jon provides exceptional market knowledge and insight into retail in the Tri State region and beyond.

His personal approach is what clients remember long after the transaction - a true partner that is accessible, proactive and results driven.

Professional Experience

Jon began his career in 1997 at Hirschand & Company. In 2004, he was instrumental in the formation of Kohler Group Commercial Real Estate which merged into Fameco Real Estate, a Philadelphia brokerage firm specializing in retail real estate and the shopping center industry.

Jon spent five years with CBRE as a First

Vice President subsequent to the sale of Fameco Real Estate in 2013.
