## AREA OF EXPERTISE

María del Valle Almeida joined Colliers International in 2016 as an Executive Assistant.

Six months later, she began working as the Operations and Human Resources Manager, responsible for the development of policies and procedures for the company, covering all areas of staff management, especially to provide help for all members of staff to grow professionally.

María also has a role as Advocate of Colliers University launching initiatives for the personal development and professional specializations in every member of staff's particular area of expertise.

She is a benchmark for "Referrals" initiative.
