CAREER HISTORY

Mr. Taetz offers over 30 years of experience with Colliers International with a strong focus on industrial multi-modal transactions spanning a broad range of logistics projects including raw land site selection, high volume warehousing, manufacturing, rail car storage-in-transit, and development of barge fleeting facilities.

Prior to joining Colliers in 1986, Mike was employed as a construction manager with Brown & Root and, thereafter Trammell Crow Company. His knowledge of multi-modal and supply chain related facilities has benefited a variety of clients with their site selection process, leading to his involvement in over 300 transactions, valued at over 700 million dollars over the past ten years. Mr. Taetz became a Principal in the Houston office of Colliers in 1997.

COMMUNITY INVOLVEMENT

Raised funds for Multiple Sclerosis Foundation by riding the MS150 (from Houston to Austin) 18 times

Volunteer for "Houston Parks by You"
