**Representative Clients and Projects (Partial List)**

“Tom Jones and his Colliers team have been working with us for more than three years. During that time we have completed a comprehensive Market Strategy Analysis for New Mexico and successfully open and or approved 6-10 locations within that time frame. Tom and his team have been instrumental in our growth and development in NM, by going above and beyond our expectations as we continue to grow.”

— Scott Weingarten  
Harbor Freight Tools

“It is clear that he has an excellent acquaintance with many prospective tenants and their requirements. He gathers a lot of information and then uses it imaginatively in putting a deal together.”

— Kim D. Murphy  
University of New Mexico

“If the rest of your group has the same amount of energy and market knowledge, we will be doing a lot of business in the future.”

— Bruce Belesky
